

**Annual Waterworks Information**

**Northern Village of Sandy Bay**

Year: **2021**

Name of Municipality: **Northern Village of Sandy Bay**

Date: **March 30, 2026**

**WATERWORKS RATE POLICY**

The Northern Village has a combined water and sewer system. The Village is not metered and has the following water and sewer flat rates:

- \$27.00 per month for residential services
- \$81.00 per month for commercial services
- \$380.00 per month for industrial/school services
- \$25.00 charge to turn the water on

**WATERWORKS CAPITAL INVESTMENT STRATEGY**

The objective of the capital investment strategy is to work towards waterworks that are as close to self-financing as possible, where users are current with their utility payments for their services. With waterworks infrastructure being very high and the Village having a small revenue base, total self-reliant is not possible. Therefore, if significant upgrades or emergency repairs are required, an application will be made to the Northern Municipal Trust Account for funding from the Northern Water and Sewer Program and the Emergency Water and Sewer program respectively.

**ANNUAL WATERWORKS FINANCIAL OVERVIEW**

The following is information on the waterworks, as required under *The Municipalities Regulations*:

<b>2021 Waterworks Overview:</b>	
Total waterworks revenues:	\$101,412
Total waterworks expenditures:	\$199,044
Total debt payments on waterworks infrastructure loans:	\$0
Comparison of waterworks revenues to expenditures plus debt payment, expressed as a ratio:	0.50
<b>Reserves</b> – Reserves available for waterworks capital infrastructure	\$0.00

**So, for 2021, waterworks revenues covered 0.50 of the waterworks expenditures.**

The following additional information is available at the Municipal Office on the waterworks:

- The 2021 Waterworks rate policy and capital investment strategy.
- Capital plans in place and related sources of funding for the projects.
- 2021 financial overview of the waterworks.
- Most recent copy of the waterworks assessment
- Agreement respecting the provisions of municipal waterworks services.
